## *Terms and Conditions*

**TERMS** - The terms of the Sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction and before the cattle are removed. All cattle will be at buyer's risk as soon as bid off.

**GUARANTEE** - All cattle in this Sale will be sold under the Standard Guarantee of American Shorthorn Breeders Association, which is printed on the opposite page. The above guarantee and terms shall constitute a contract between the consignor and buyer of each lot. Neither the Sale Manager, Clerk of the Sale, Auctioneer, nor the Maryland Shorthorn and Polled Shorthorn Society, Inc. assumes any liability, legal or otherwise.

**HEALTH** - All cattle to be sold in this State are consigned from herds accredited by the State of Maryland for both Tuberculosis and Bang's Disease. Calfhood vaccination has been practiced regularly. A Veterinarian from the State of Maryland Livestock Sanitary Service will issue health certificates that will enable these cattle to go anywhere.

**FOOTNOTES** - Where footnotes appear in this catalog, they were furnished by the consignors or were written from information supplied by the consignor.

**SHIPPING ARRANGEMENTS** - It is the obligation of the consignors and this Society to see that all cattle are properly loaded on cars or trucks as directed by the buyers for immediate shipment. Cattle will be at buyer's risk as soon as bid off, but every precaution will be taken to see that animals arrive in sound and healthy condition. **BE SURE TO LEAVE DEFINITE SHIPPING INSTRUCTIONS WITH THE SALE CLERK.**

**LIABILITY** - Although every precaution will be exercised to protect the safety and comfort of guests of the sale, neither this Society, nor its representatives, nor the auctioneers or clerks, can assume any liability for accidents.

**MAIL BIDS** - Those unable to be present who desire to take advantage of the buying opportunities in this sale, may rest assured that mail or wire bids will be honestly and faithfully executed. Any of the following competent men will be happy to handle buying orders for you---

## STANDARD GUARANTEE OF AMERICAN SHORTHORN BREEDERS ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

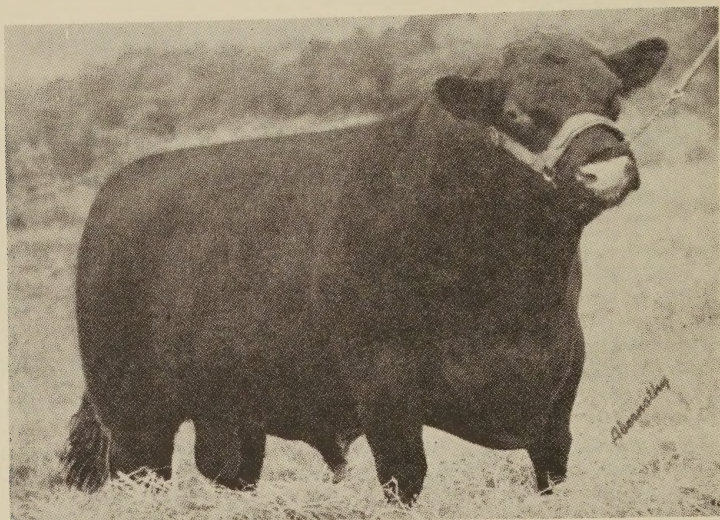

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

MERRY BROOK ROSEWOOD BEAUTY - A top heifer which we purchased in Canada for herd replacement, we are offering her only as an attraction. Her sire, Kirkton Grand Alliance, was the \$4000 top of the 1952 Campbell Sale as a calf and is a double grandson of the immortal Kirkton Baronet. Kirkton Grand Alliance's first calves were shown during the last show season and they included several championships and winning Get of Sires at some of the major shows in Canada. He is siring the right kind. Clipper Forget-me-not was a great cow and top selling female in the 1953 Campbell Sale. The dam of this fine heifer, Glenburn Rosewood Beauty 8th, was top selling open heifer in one of the Deacon Sales and is by the sire of Champions, Phopachy Diplomat, who in turn was by the great Naemoor Marshal and out of a three-quarter sister of Kirkton Baronet. As we had planned to keep this heifer in the herd, we felt since she was carrying so much Kirkton Baronet blood and the blood that produced Kirkton Baronet, she would, for our purpose, mate extremely well to a bull who also carried this same breeding. We, therefore, mated her to a grandson of Kirkton Baronet, namely, the \$7600. Camson Better News who is siring outstanding calves for us. If the calf which this heifer is carrying should be a bull, it could be the bull that would solve your herd bull problem. And if it's a heifer calf, it will undoubtedly be the kind you will want to keep in your herd. Bangs Vaccinated. Herd Bangs and T.B. Accredited.
